April Showers Bring May Flowers

Lluvias de abril traen flores en mayo

Dear Parents & Guardians,

We have returned from Spring vacation refreshed and ready to go.

As you may have read before, the students in grades 3-6 will be taking the field test of the Smarter Balanced Assessment on computers: April 14–May 9. It's like a test of the test, and we will not be receiving results/scores this practice year. Grades 3-6 will participate in approximately 1 hour of testing over a 4 day period, this will happen from April14- May 7. 6th grade tests for 5 days. 5th graders take the CST for Science in early May.

The POUSD School Board has approved an important document: it is what we want student to know & be able to do. These Student Outcomes consist of 7 traits and the school community had a hand in creating and polishing this document.

As the district adopts its school district plan, the Olivet School must identify needs and goals for our new Local Control Area Plan (LCAP). **Parents are invited to participate Wed. April 9th at 8:30 am in the mpr &/or Wed. April 9th at 2:40pm.**

Estimados Padres y Tutores- Regresamos de las vacaciones rejuvenados

Quizas ya sabe que en Abril ninos de grados 3 a 6 van a tomar la version de practica del examen Smarter Balanced en las computadoras. Grados 3-5– una hora cada manana por 4 dias, y 6to grado es por 5 dias. No recibiremos resultados, es como "una practica del examen del estado." 5 grado tomara tambien un examen del estado de ciencias.

La Mesa Educativa aprobo un documento importante: es lo que quisieramos que los ninos sepan y sean capaces de hacer. Estos resultados para estudiantes consisten de 7 caracteristicas y la comunidad escolar ayudo en crear y pulir el documento.

Preparamos un plan (LCAP) del distrito, y ahora preparamos un plan de Olivet. Se invitan todos a participar miercoles, el 9 de Abril a las 8:30 am en el salon de multiuso, y el 9 de Abril a las 2:40 pm en el salon de multiuso.
